

**Project Manager (Interactive) 2-5 Years Experience.**

Contact: Tom Sacchi [jobs@unit9.com](mailto:jobs@unit9.com)

**The Position:**

We are looking for a Project Manager to join our London office in Hoxton Square. The Project Manager is responsible for planning and executing large scale, challenging and complex web oriented projects, both from a creative and technical perspective.

The ideal candidate will have worked in TV or Film production before moving to digital production either at a digital agency or interactive production company working with big brand name clients.

**Responsibilities:**

Project ownership through full lifecycle (planning, scoping, wire-framing, budgeting, execution, final delivery & presentation to the client) • Work hand-in-hand with Executive Producer in maintaining and expanding client relationship • Project planning, including scope definition and budgeting • Preparing basic wire frames • Understand vision and mission of projects and communicate and evangelize to internal and external stakeholders • Manage project quality, schedule, and budget • Coordinate and guide team • Interface with creative and technical directors • Daily client communication, care, and socializing • Present and explain deliverables, on-site and off-site to clients • Help improve internal tools and processes

**Core Qualifications:**

2-5 years of project management experience with an interactive production company or digital agency environment. • Deep understanding of digital media • Solid understanding of marketing strategies, design and technology • Familiar with standard project management tools and processes • Experience in mobile space preferred, not required • Awareness of trends and innovations • Strong communication skills • Problem solver who goes the extra mile to get results • Organized team player • Ability to simultaneously handle multiple high stress-projects • Proficient in MS Office programs • Positive attitude • Willingness to travel.

**Requirements for application:**

This is a permanent role, salary dependent on experience. Please send your CV and salary expectations to [jobs@unit9.com](mailto:jobs@unit9.com)
